SUBJECT: General - Administrative/Finance
Specific - Return of Letter Billing Dated 1 March 1957

1. Returned herewith is subject billing in the amount of \$67.50. Inasmuch as these charges are for transient personnel's billeting, a certificate by a Rycom official will be required to the effect that the persons involved were not on per diem or were not otherwise reimbursed for housing while at [REDACTED]. Should the company official be unable to supply such a certificate by reason of the individuals' reimbursement, collection should be effected by the individual involved through the Rycom representative.

2. The last few [REDACTED] invoices have not had company identification in the indorsement as requested previously. Future invoices without such identification must of necessity be returned unpaid.
